The Man Who Works Overtime

is not always the best friend of his eyesight. The eyes suffer more than any other physical faculty from overwork under artificial illumination. Even daylight contains a large percentage of rays harmful to eyesight. All that danger can be done away with if you view your work through lenses made to your prescription from the wonderful new glass discovered by Sir William Crookes, that actually filters out all the harmful colors.

Don't neglect your sight whether you work overtime or not.

PUTS HISTORY OF COURTS IN THAYER'S BOOK

Robert C. Lydecker, librarian of the public archives, has just completed a history of the supreme and circuit courts of Hawaii, which is to have a place in the supreme court digest now in preparation by Secretary Wade Warren Thayer.

In addition to giving a history of the courts, the work contains a list of all judges of both courts and all attorneys general.

Mr. Lydecker said today that one of the discoveries he made during his preparation of the history is that previous to the superior court, which just preceded the present supreme court, there was another court which lasted for a time until the act was passed to organize a judiciary.

This fact has been news to a number of prominent jurists of the city, and was news to the librarian himself, who makes a hobby of ancient territorial history.

One of the regrettable facts learned in compiling the history is that no record was ever kept of circuit judges previous to 1852, when they were appointed by the various governors of the islands. These names had to be left out as no source brought them forth.

No circuit judge list has ever been published previous to this, Mr. Lydecker says.

Another thing he discovered in tracing back through the old documents was that no attorney general was required by law until the passage of the Organic act, which came in 1900. Previous to this the law read "may" instead of "must."

'ATONEMENT' IS TOPIC TONIGHT

The atonement of Christ will be the subject of the lecture this evening at the "Peace Palace." The evangelist holds that in this age of loose thinking and doubtful living among professed Christians, it is an excellent thing to come back to the fundamentals of Christianity. The atonement of Christ for the sinner is the hub from which like spokes in a wheel every truth in the Bible radiates. Deny the atonement and at once every doctrine of the Scriptures would lose its meaning and therefore its efficacy.

To better study this theme the evangelist asks all who come to the Peace Palace tonight to be sure and bring their Bibles.

BACKACHE? RUN DOWN? TIRED? CLEAN THE KIDNEYS WITH HOT WATER AND 'ANURIC'

When run down after a hard winter—when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially is this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints are also often noticed. Dr. Pierce says that everyone should have a good sweat every day—should drink plenty of pure water and exercise in the open air as much as possible. This helps to throw out the poisonous uric acid through the skin and the "water." But for such persons as are past middle age it is often impossible to do this and lime salts are deposited in the arteries, veins and joints, causing all

kinds of distressing conditions. An antidote for this uric acid poison is to take hot water before meals and "Anuric." Ask your druggist for Doctor Pierce's "Anuric," or send Doctor Pierce's "Anuric" Hotel and Surgical Institute in Buffalo, N. Y., a dollar bill for a full treatment, or ten cents for a trial package.

"Anuric" is a recent scientific discovery by Dr. Pierce. "Anuric" drives the uric acid out of your body. It is a uric acid solvent so effective that it eliminates these poisons, cleanses the system, allows your overworked kidneys to resume their normal functions, and just a few days' treatment with "Anuric" will convince you because it brings lasting relief to your painful, aching rheumatic joints—no more backache or dizzy spells! Try it now and be convinced!—Adv.

SECURE HARP MUSIC FOR ARMORY DANCES

Harp music will be a new feature of the armory dance tomorrow night, the string orchestra which has been secured having an expert harpist among its players.

The orchestra will be placed in the center of the big hall and the booth in which it is to be seated will be surrounded with ferns and palms. These decorations will also be arranged alongside the walls.

Officers of the guard and their wives always attend these dances as chaperones, thus assuring the best of order during the evening. In fact, one of the strong points which those who have the dances in charge are making, is the orderliness of the affairs.

The dance will begin promptly at 8 o'clock tomorrow evening.
